EXPERIENCE

WEB DEVELOPER INTERN

QubeApps

May 2021 - August 2021

- Acquired knowledge on Angular and NodeJS.
- Assist seniors in developing Cashless Payment Application.

PROJECTS / ACTIVITIES

INDUSTRY INSIGHTS (I²) 2022

- Met a lot of international and local youths from 110 different universities and 12 different countries.
- Participated in all 4 workshops hosted by Shell, Sunway, Axiata and Maybank, presenting to executives and management staffs.
- Three words so summarize the event would be Professional, Challenging and Fun.

LIDDLEBY (CHARITY DONATION SITE)

- Worked with Angular and Firebase to create an MVP of the website.
- In-charge on building the Front-End and Back-End of the website.

VARSITY HACKATHON 2022

- Built a prototype and MVP for the proposed idea of a flood warning application, iBanjir.
- Even though I didn't win, it was an eye-opening experience to see other participants' innovative ideas and learn more about the business aspect of things.
